Applaud Solutions Achieves Oracle Validated Integration with Oracle E-Business Suite

Enhance Oracle E-Business Suite, Oracle Self-Service Human Resources (HR) with an intuitive user interface and mobile experience for employees and managers.

UK – December 8th, 2015 – Applaud Solutions, a Gold level member of Oracle PartnerNetwork (OPN), today announced it has achieved Oracle Validated Integration of Applaud Self Service v3 with Oracle E-Business Suite 12.2. Applaud Self Service provides a modern user experience for Oracle Self-Service Human Resources (HR), part of Oracle E-Business Suite, by delivering a self-service user interface (UI) built in the latest UI technology, complemented by mobile apps for smartphone and tablet devices.

To achieve Oracle Validated Integration, Oracle partners are required to meet a stringent set of requirements that are based on the needs and priorities of the customers.

“We are delighted to achieve Oracle Validated Integration for Applaud Self Service,” said Ivan Harding, Managing Director, Applaud Solutions. “Our desktop user interface technology and mobile apps are already being enjoyed by Oracle E-Business Suite customers worldwide. This validation gives our customers, both new and old, added confidence that they are working with a third-party solution that extends their Oracle E-Business Suite investment safely and securely”.

“Achieving Oracle Validated Integration gives our customers confidence that the integration between Applaud Self Service v3 and Oracle E-Business Suite 12.2 is functionally sound and performs as tested,” said Kevin O’Brien, Senior Director, ISV and SaaS Strategy, Oracle. “For solutions deployed on-premise, in the cloud, or both, Oracle Validated Integration applies a rigorous technical review and test process that helps to reduce deployment risk and improves the user experience of the partner’s integrated offering.”

About Oracle Validated Integration

Oracle Validated Integration, available through the Oracle PartnerNetwork (OPN), gives customers confidence that the integration of complementary partner software products with Oracle Applications and specific Oracle Fusion Middleware solutions have been validated, and the products work together as designed. This can help customers reduce risk, improve system implementation cycles, and provide for smoother upgrades and simpler maintenance. Oracle Validated Integration applies a rigorous technical process to review partner integrations. Partners who have successfully completed the program are authorized to use the “Oracle Validated Integration” logo.
